12-month Enrollment 2011-12

2010-11 Data

Institution: University of Missouri-Columbia (178396)

User ID: 29C0011

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

All institutions must now use the July 1 - June 30 reporting period. There is no longer the option of using the September 1 - August 31 reporting period.

Institutions are now required to report using the new race/ethnicity categories. Using the new categories was optional in the Fall 2008, 2009 and 2010 collections and is required in the current Fall 2011 collection. For more information, visit the [Race/Ethnicity Resource Center](#)

Institutions must continue to use the new postbaccalaureate degree categories. All postbaccalaureate students are to be reported as graduate students for enrollment purposes, including any doctor's-professional practice students (formerly first-professional).
