The 2019-2020 Report of Degrees Awarded by the University of Missouri

Executive Summary

This report includes graphs and tables of degrees awarded by each campus since FY 2011. The first table provides a summary of degrees by level for each campus, while the second table series gives the number of awards by the colleges of each campus. The *Department Detail Summary* reflects the number of degrees awarded by academic department. These tables also show the average number of degrees over a 3, 5, & 10-year period and the percent change in FY 2020 that is relative to the 10-year average.

The highlights of the report from the Table 1 series include:

The University of Missouri System awarded 18,617 degrees and certificates, a 5% growth in FY 2020 relative to the 10-year average.

Relative to the 10-year average, the number of FY 2020 doctorate degrees for the University of Missouri System increased 6% and ta0001 TRegref

Notes Regarding Use of the Report:

The official annual reporting period is from July 1 to June 30 of the following calendar year. For example, FY20 includes summer and fall graduates from 2019 and the spring graduates of 2020.

Please note the axis scale range when considering graphs. It may change from campus to campus.

Previous year's tables may differ because tables in the report have been changed from the use of running averages to 3-, 5-, and 10-year averages.

This report includes a 10-year average as related to FY 2020.

Source for this report is the printed Completions Report.

Technical Notes for Use with the Report:

Footnotes

Footnotes are of the utmost importance in reading tables in the appendix.

Name Changes

If a program name changes, the report history is changed to reflect the new name and is footnoted.

If a degree name or description is changed, the report history is changed to the new description and is footnoted.

If a department name changes, the report history is changed to the new description and NO footnotes are made.

If a school or college changes, the report history is changed to the new description and NO footnotes are made.

Program Moves

If a program moves to another department or school, the data are reported as is – that is, report history is not changed and new data are reported in the new department. A new footnote is added, i.e., program is moving. Eventually – when there are no more degrees for the old department, the old department is hidden in the report.

If a program moves to another school or college, the data are reported as is – that is, report history is not changed and new data are reported in the new school or college. A footnote is added, i.e., program is moving. Eventually – when there are no more degrees for the old program, the former program is hidden in the report.
